

I. Scope of validity

1. These General Terms and Conditions of Purchase shall exclusively apply to all present and future commercial orders (including software) of Plastocell Kunststoff GmbH (hereinafter called "Plastocell"). The applicability of terms and conditions provided by third parties and/or contractors is expressly excluded. Other terms and conditions shall neither be accepted tacitly, by conduct nor impliedly by the acceptance of goods/ performance of services.

2. If agreeing on special terms and conditions, these General Terms and Conditions of Purchase shall be considered as secondary and supplementary.

3. References to the validity of statutory provisions are for clarification purposes only. Even without such clarification, the statutory provisions shall therefore apply unless they are directly amended or expressly excluded in these General Terms and Conditions of Purchase.

4. Alterations and/or additions to these General Terms and Conditions of Purchase and to orders based on these Terms and Conditions of Purchase must be made in writing, accepted and signed by Plastocell. This applies equally to a waiver of the written form requirement.

II. Offers / Orders

1. The preparation and submission of offers by the contractor is free of charge for Plastocell and is not binding until written order of Plastocell ("order").

2. The order confirmation shall be made within ten (10) working days by the contractor. On expiry of this period, the order is deemed accepted by the contractor. Any deviation from the order of Plastocell requires Plastocell's prior written consent.

3. Plastocell may change technical details up to four (4) weeks prior to the delivery date. If first or type samples are made available to Plastocell, the serial production may only begin following Plastocell's express and written release.

4. Plastocell is entitled to cancel orders placed at any time after order confirmation. In this case, Plastocell shall reimburse the contractor for expenses to a reasonable extent.

III. Prices

1. Unless agreed separately, overall or individual prices are fixed prices, include all services and secondary services of the contractor, and are valid until the end of order settlement. Subsequent increases for whatever reason are expressly prohibited.

2. Prices are stated as delivered at place (DAP in accordance with INCOTERMS 2020) free to the place of receipt specified by Plastocell including freight, packaging, and ancillary costs. If non-paid delivery shall be separately agreed by the parties, then Plastocell shall only assume the most favorable freight costs, unless Plastocell has stipulated a special type of shipment.

3. If, as an exception, pricing schedules have been agreed on in a foreign currency, then the agreed price shall be based on the conversion rate of the Euro to the respective foreign currency quoted in Germany on the day of order confirmation. If the exchange rate changes prior to the payment due date, either party shall be allowed to demand corresponding price adjustments.

IV. Payment / Retention of title

1. The contractor shall send invoices to Plastocell after the complete fulfillment of the contractor's delivery obligations.

2. The invoice shall be settled either within fourteen (14) days with a three percent (3%) cash discount or within sixty (60) days without discount. The period fixed for payments commences upon receipt of the invoice in the e-mail inbox at invoice.hks@hubner-group.com, but not before receipt of the goods or acceptance of performance by Plastocell. If documentation or similar documents (collectively

"Documents") form part of the performance of the order, then the payment periods shall only commence after the contractual submission of the Documents to Plastocell. If an early (partial) delivery is accepted, the payment periods shall commence at the earliest on the agreed date.

3. If down payments are agreed, Plastocell is entitled to - at the cost and expense of the contractor - demand the provision of an unconditional and irrevocable bank guarantee, of the same amount as to the down payments. The guarantee, the costs of which shall be borne by the contractor, will be returned, after the complete fulfillment of the respective contractual obligations by the contractor.

4. Payments are to be made by bank transfer, at the cost and expense of the contractor. The payment is made on time if the transfer was ordered from the bank by Plastocell on the due date.

5. The contractor is not permitted to set-off any amounts against amounts receivable or to exercise any lien unless the claim with which the contractor is setting-off or exercising a lien is uncontested or has been established by a final court judgement. The contractor may only assign any receivables from the entire business relationship to third parties with Plastocell's prior express written approval.

6. Plastocell shall be entitled to rights of set-off and retention as well as the plea of non-performance of the contract to the extent permitted by law.

7. Any possible reservation of proprietary rights by the contractor will be acknowledged on the condition that the proprietary rights / title of the goods/ performances pass to Plastocell upon payment. Reserve of title in all forms shall be expressly excluded.

V. Shipment / Delivery

The place of fulfillment for all deliveries / services, including for any subsequent performance, shall be the place of receipt specified by Plastocell in the order or - if no such place of receipt is specified - Schifferstadt.

2. Partial deliveries are only permitted with the prior written approval of Plastocell. The assigning of orders to third parties (sub-suppliers, subcontractors) is, if no personal performance is agreed, permitted, unless there is an important reason, especially if the third party does not give the appearance of a proper fulfillment of the contract, or is a competitor of Plastocell. The contractor shall bear any additional costs incurred as a result of assigning of orders.

3. The contractor shall bear the risk of accidental loss and/or accidental damage (especially transport risk) according to the agreed INCOTERMS 2020 clause DAP.

4. All goods shall be properly and adequately packed and labeled at no cost to Plastocell. The shipment shall be carried out with the necessary diligence required for the handling of the goods. Each delivery shall contain a delivery note with the Plastocell order number, a packing slip and the item number as well as any other information requested Plastocell or required by the nature of the case.

The statutory provisions (§§ 377, 381 HGB) shall apply to the commercial obligation to inspect and give notice of defects with the following restriction: Plastocell's obligation to inspect shall be limited to defects which become apparent during the incoming goods inspection under external examination including the delivery documents (e.g. transport damage, wrong and short delivery) or which are recognised during a quality control by random sampling. If acceptance has been agreed, there is no obligation to inspect. Plastocell's obligation to give notice of defects discovered later remains unaffected.

VI. Delivery dates / Force Majeure

1. Agreed delivery dates and periods are binding. Plastocell shall be notified immediately of delivery delays. This does not, however, release the

contractor from claims for damage compensation to which Plastocell may be entitled.

2. In case of non-fulfillment of the order or performance, Plastocell (without prejudice to any other rights and remedies) shall be entitled to a compensation of five percent (5%) of the total gross order value, in case of delivery delay zero point five percent (0.5%) of the total gross order value per calendar week, but not more than five percent (5%) maximum of the total gross order value. Further damage compensation claims by Plastocell shall not be excluded by above provision. The contractor is equally entitled to provide evidence that no damage or a lesser damage has been incurred than the one generally asserted.

3. Force majeure and other events which are beyond Plastocell's control and which make it impossible or significantly more difficult for Plastocell to accept or use the goods / performances, release Plastocell from its obligation to accept the goods / performance and to pay for the duration of these hindrances.

VII. Long Term Supplier Declaration

2. The contractor shall compensate the damage which occurs if the origin stated by the contractor is inaccurate and/or is not acknowledged by the responsible authority as a result of erroneous certification or for lack of subsequent investigation possibilities. However, this does not apply, if the contractor proves that he is not at any fault whatsoever.

If the goods/ performances are defective or if the contractor violates any other duties, Plastocell may exercise all the statutory rights and entitlements without restriction.

In the sole opinion of Plastocell, if work safety is endangered and/or to avoid damages to Plastocell or to third parties, and in the event of unsuccessful subsequent fulfilment by the contractor, Plastocell shall be entitled to remove defects and remedy damages or undertake covering purchases at the sole expense and cost of the contractor without prior consultation with the contractor. The contractor shall bear all costs in conjunction with the delivery of the defective goods/ performances.

Plastocell shall be entitled to reimbursement of corresponding expenses (in particular transport, travel, labour and material costs as well as dismantling and installation costs) if the goods were installed in another item or attached to another item in accordance with their nature and intended use before the

The contractor shall hand over to Plastocell all documents necessary to assert such claims. If Plastocell does not assert these assigned rights, then the contractor may demand their reassignment. 4. The contractor shall indemnify Plastocell against all third-party claims - including but not limited to claims due to product liability - that are the result of the defective nature of the contractor's partial performances on Plastocell's product (especially the basic or raw materials and partial products), or that result from any breaches of duties of the contractor.

5. For the duration of the business relation, the contractor shall provide a sufficient insurance coverage in terms of a business and product liability insurance, and coverage for recall costs at the amount of at least 2 Mio. € for each insurance case / 4 Mio. € per insurance year in case of special demand. The contractor waives the right to objection due to late notice of defects. However, the payment for the goods / performances shall mean no acceptance of the goods / performances; an examination shall mean no waiver of any of Plastocell's rights.

4. As far as goods/ performances show any defects concerning the design and quality or are delivered without the required documents, e.g. in the absence of delivery notes, first sample reports as well as in the absence of product labeling or quality control certificates, Plastocell has the right to charge a processing fee in the amount of Euro 150, - in every case of a defect.

Plastocell will inform the contractor of any future changes to its CSR standards. The contractor shall inform Plastocell annually upon request about compliance with its obligations and provide suitable evidence.

3. The contractor shall provide Plastocell with all documents necessary for the performance of a risk analysis (§ 5 LkSG), a review of the effectiveness of preventive measures (§ 6 LkSG), of remedial measures (§ 7 LkSG) and the complaint procedure (§ 8 LkSG) once a year and on request.
